### Patient Webinar Series: Talking to Your Children about the HPV Vaccine *September 18th*

Join our joint webinar with ACS HPVRT, "Talking to Your Children about the HPV Vaccine," to learn how to discuss this vital vaccine with your kids. We'll cover its cancer-preventing benefits, debunk myths, and provide tips for effective conversations with both your children and doctors. Don't miss out on this valuable info and support. **All are welcome to join!** Spread the word across your network.

## Data Dashboard

We're excited to unveil the ACS NRTCC Cervical Cancer Data Dashboard! This new interactive tool offers an in-depth, geospatial view of cervical cancer data across the US, including surveillance data, screening rates, NCCEDP Program locations, and demographics. Explore the dashboard and share it with your networks to enhance awareness and drive action.

### 2024 ACS HPVRT National Meeting *Open to the Public*

Join the ACS National HPV Vaccination Roundtable as they host their 2024 National Meeting virtually from Monday, October 7th to Friday, October 11th. We will meet daily 12:00pm ET – 1:30pm ET. Throughout the week, they will be celebrating their accomplishments over the last 10 years. We are excited to help celebrate 10 years of the ACS HPVRT & innovate for a strong future in cancer prevention! All are welcome to join.

## Research & Resources

### Elimination Priority Survey

The HPV Vaccination Roundtable of the Southeast invites you to complete this brief survey to better understand the landscape and context of elimination planning in the Southeast and across the US by sharing your experiences with cervical cancer elimination planning, strategies, and policies, or the lack thereof, in the area where you live or work. The survey is available until September 13th.

## 2025 National HPV Conference

## Abstract Submissions Open

The Inaugural National HPV Conference (NHPVC) is pleased to announce that it is now accepting abstract submissions and recruiting peer reviewers. Professionals are encouraged to submit abstracts highlighting their successful projects, collaborations, and practices related to HPV prevention, screening, diseases, and cancer control. The deadline for abstract submissions is October 15th, 2024. Abstracts should be up to 250 words in length.

[Learn More](#)

## Abstract Reviewers Needed

In addition, the conference is seeking peer reviewers to help ensure a high-quality program. Reviewers will evaluate up to four abstracts over a four-week period in October/November 2024. Expertise is needed in the following areas: Vaccination & Prevention, Cancer Screening & Treatment, Public Health & Collaboration, and Research & Best Practices. Interested individuals must register by September 15th, 2024.

## Call to Action

### Let's Break the Stigma this Gynecologic Cancer Awareness Month!

September is Gynecologic Cancer Awareness Month! The American Cancer Society estimates that over 115,000 gynecologic cancers will be diagnosed in 2024, including cervical cancer.

Our member organization, [Cervivor](#) is dedicated to breaking the silence around these cancers by offering comprehensive resources, breaking myths, and building community. Discover how they're shining a light on the stigma and making a difference.

Learn  
More

The American Cancer Society National Roundtable on Cervical Cancer (ACS NRTCC) was established in 2022. The ACS NRTCC is a national coalition of 50+ member organizations to tackle disparities in cervical cancer prevention, screening, and treatment in order to eliminate cervical cancer and reduce the harms caused by the disease. The American Cancer Society provides organizational leadership and expert staff support to the ACS NRTCC.
